February 22, 2001

Two day talk beginning outdoors.

Swami: Is everybody here since...Anya has anybody left? Three weeks back? How much dust everyday here? Like a layer on the floor? To breathe, irritable! It's a big hell, from morning until to 6:30, 7:00, it's very interesting. Aghni is very interesting, she's walking there and watching...

These six, seven months will be like that, especially the marbles cuttings, entire the layer, the rooms, it will come like this. The sculpturing people, they're making the elevation. Nobody got my message - Clint and Ramakrishna? I think they know it. Where are they? Why you feel uncomfortable Philip when the people comes and meditate here?

Philip: Why, or do I?

Swami: Do you?

Philip: Yes.

Swami: Why?

Philip: Because this is the first time since the, "eleven" that I'm meditating with a group, trying to go with the group energy and we're finally coming together as a group, and it's important to have the energy of the, "eleven" all working together but when other

people are coming in and out it interrupts the flow and creates a completely different dynamic.

Swami: Hmm. How is today's meditation here as compares to Hampi? Monika Lipetz?

Monika: It was beautiful to meditate with the "eleven" together but here the big sky is missing and the noise grinding, here.

Swami: The drill?

Monika: Yeah.

Swami: It's the drilling in your brains! (laughter) They're planning to put the ten points to find the water. I make them to stop and go, after Shiva Ratri they will do it. You have any little miss confidence, friends, maybe you can see, maybe you can't see, like that? Little bit? I'm sure Tatyana?

Tatyana: Me too. I'm looking forward to it, but I'm a little nervous.

Swami: Alexandra?

Alexandra: Only a little bit.

Swami: Only a little bit? No need to ask Elizabeth E., she have huge! It is a little interesting in Anya and Cyndria, maybe they're a little angry on me, isn't it?

Cyndria: Not at all.

Anya: No way.

Swami: It's not confuse, it's little bit my decision, they're energy what they can go more than. After my decisions they took the divine tantrics to hook it, through divine tantrics.

End of this talk, going on the the next day.

Next Day

Swami: How was the yesterday journey, Clint?

Clint: Very exciting.

Swami: Exciting? What do you mean by exciting?

Clint: Very unexpected and in every way.

Swami: Finally, how it went through?

Clint: Very perfectly.

Swami: Where you seen very danger point in our journey?

Clint: Well, when we arrived in Sri Sailam, the most crowded time of the year in Sri Sailam, right at the very moment when everyone else had arrived.

Swami: How many people they wrote in the newspaper?

Philip: One lakh.

Swami: One lakh or one million?

Clint: Huge crowd! Much more than that! From the air, it's just a mass of people surrounding the entire place.

Swami: There is no place to helicopter land! I'm serious, everywhere vehicles, thousands of the people. Hmm, it's almost the evening is coming, I have to go and see Mother Divine and Shiva, just to do something. Just I got in the last fraction of minutes on that Shiva Ratri day evening. I got the idea, ok which place has to go and do that? Ahh, where is the best power spot place? Well, Sri Sailam. I know it's terrible, but it's necessary, we have to go. If I started to talk with everybody, ok guys, I'm going, I don't know how everybody putting the energy on me. Just I told to Chitti, go and get the Clint. Anyhow, we went there, how many kilometers from the temple far away landed, I drop?

Clint: Well, we tried to land right next to the temple but it was impossible. And the helicopter landed maybe one kilometer away just in the open hillside. Swami jumped out, it didn't really land. It just touched down, and Swami jumps out.

Swami: Just ten seconds he landed, just I took the dare step, ok! (laughter) I get off, then he took off. When I get off, thousands of people recognized me there. The biggest articles came in the newspaper - huge mass people. They're running my back! I'm running, they're running! (laughter) Ohhhh, I'm very tired, I step on one rock, my shoe slip. I jumped, took it off, ok. To search that shoe, it took one minute. People is on my back attacking, but anyhow many people arounded me. I said, ok, wait - I told it in beautiful Telugu, just walk with me. I made them to walk with me. Then a person with motorbike, he came I jump on that (snaps)! A person came to see with motorbike, just I talk to, hello, how are you? Can you give a ride to me? (laughter)

Guy on motorbike: Yeah! Why not?

Swami: Just it's straight to the temple. I stand in front of the temple, how to get in? I have no single one rupee with me. At least to bribe somebody to get inside, then I talk to one of the police officer guy.

Officer: So and so came, please let him inside.

Swami: It takes five minutes, then I go inside. From that point onwards, my process went very peaceful. Then I done my process, then where is Clint? Where they landed? What happened to them? (laughter) Then I started to worry on them. Anyhow, he's a doctor of death, no problem. (laughter) What time you reach the temple outside? How many hours after?

Clint: Two hours.

Swami: Hmmm, two hours. I went to Sri Sailam mainly for the, "eleven people" to help. What I supposed to plan to do, cutting the energy process. I was suppose to do yesterday, but I'm taking today also break. Tomorrow I'm doing it, for to having darshan Mother Divine, few people. Unfortunately they choose one place, it's a little far away. Well, it is Tatyana and France - crazy guys. (laughter) It's ok, done, no problem. Tomorrow I have to go finish. I have to make

them to go initiation to show them, then come back here. And to the few people, I'm giving two babies (lingams) to the presentations. It's a process, but today every person, your personal mantras, as much as you can. I really want to give the shaktipats, the healings, including the, "Eleven people" too. Forgetting everything, all your processes, close up the file and put there. Just your personal mantras, do it, bring that vibrations in you. Do strongly and strongly and strongly and strongly, melt in that.

In Sri Sailam that energy one millions times as powerful than right now here. One million times, just, it's like a strong, solid ocean. Just I watch the Clint, finally he gave up, "Ok, I'm going to get the bed, I'm going to lay down here." He's terribly tired, then he slept like a log. I watch on you like one hour, there's a lot of drums and musics, ha! In entire south India that is one of the most powerful power spot to the energy, to the Shiva, the most powerful. It went very, very well, purifying, sucking huge energy. The local police people they're so upset with me, just all of sudden I took the decision (snaps), I want to go, that's it! They said, "What, are you kidding? You can't go like that." Hey, no way, even if I come back, you can arrest me, I have to go, I have to leave. I talked to the captain, he said, "Ok, we'll manage it, go." We had to land before evening, sunset. Just we took the really dare step.

I'm seeing lot of negativity, negative possible, I have to touch the ground before sunset, number one point. Before the stars comes up, I have to do my process, that's the second very important. Until to 2:30 - 3:00, my mind is still thinking. Until that time, I'm very confident I'm going to do here, everything. In a fraction of seconds, I got that, ok, no way. It's the time I have to hit the most powerful spot anywhere. Then Triupati, Shiva energy going to Him. He's a big illusion man, Kalahasti, hmmm, same distance to fly. I think Sri Sailam, ok! When I'm jumping off the helicopter, it's really very scare, just She took me like that, when you throw the ball - ahhh. When I done my process, terrible hungry - terrible hungry! Some pujaris is there, priests, I ask, "Can you give a little prasad?"

Priest: "Swami, how it possible? There are thousands of people." "It's ok, fine." "Have you seen the tap water there on the side?" Just I went and drank a little water, relaxingly sitting near the Maha Kali, Lakshmi, Saraswati, Kali. Just I sat there relaxingly, so hungry thinking... Already I got the message where the helicopter landed,

it's near near 30-40 kilometers away. Thanks, God. I thought that Captain is bringing the helicopter to Hyderabad. Poor Clint, I had to do some process to him, maybe the Captain is bringing him to Hyderabad to land there? Before sunset, there is no time, if the dark comes then the helicopter cannot fly. Everything it went like a...that's the crazy avadhut nature, that is Shiva energy. If He hits it, no matter whatever it is. He never sees His around, how He really has to take care, anyhow, He will take care. Especially Mother Divine, that statue, the energy's so, so, so, so intense, like a big flashlight to your eyes. Powerful sadhus, yogis, they're sucking the energy, de-charging and they're purifying, I can feel it - high magnetic vibrations. It's so interesting, thank you so much Clint for cooperating me. I'm so sorry for really torturing you. It's not torturing, you paid your bill.

Clint: Yep! Anytime, please!

Swami: That's your karma! (laughter) He paid his karma. There's still left.

Clint: I didn't realize what that energy was until I came back, it was such a huge shock to go from this to that.

Swami: Terrible shock to me! It's a terrible shock, just it takes to me like thirty minutes to dissolve, just to adjust. By midnight, 12:30, 1:00, myself I walk to main entrance of the gate. When I left you, when I walk by the camphor, huge light. When I'm making the camphor, there's a few saddhus sitting always asking the money. You seen them, wherever we go the car parking, main entrance, where we buy the coconuts, the saddhus is there. There's a bunch of saddhus is there. One saddhu he know me, I been there many times. He came, I gave a hundred rupees to him. He brought like a gang, ok. Then I pull all my papers, giving to each person. The police they're so upset with me.

Police: Are you crazy? What are you doing, Swami? You shouldn't do this, like this. We can't control it.

Swami: Just I put all the papers, chhhht (laughter), take care, run out! That energy played me kind of very intense, crazy. I really felt in a very dangerous condition at one point. My system is going to failure, and I'm turning to avadhut. Too much you know, overload. Over energy, uhhh, what to do? It's not a drunken person, it's like a kind

of what you're really looking forward in your life, that huge energy once if it came in you, when you are digesting that. It takes, know what I'm saying? Well, pretty intense. What they wrote in the newspaper?

Philip: They wrote that some V.I.P.'s came and you were one of the four people they said came.

Swami: Who are they?

Philip: One is a minister, then you, then after that I stopped reading.

Swami: How come? Poor Clint, he came with expensive helicopter then he catch a bus for five rupees! (laughter) Stop and get in the bus, waiting in front of the gate. When I saw his face, when I come out from the temple, he's like a baby is waiting for their mother. (laughter) Like a two, three years, all of sudden he shake, ahhh! I'm glad I got him. I can't laugh, if I laugh, it is so embarrassing! Ok, fine, no problem.

Clint: I was ready to spend the whole night right there near that fence.

Swami: They putted huge fence, people is pushing on them, poor Jagadesh. He's very sick. It's very interesting. How everybody been through the Shiva Ratri energy in ashram? Just quiet and calm? Evemarie, how you been?

Evemarie: I was here just few hours and this peace came in my heart. I felt it for hours, just like waves, here it is beautiful. I miss it, it was the first time I missed it.

Swami: I'm sure everybody's missing you. (laughter) Especially Anya, ahe's the main person recommended to you. You know, I don't know how my energy will be. When anybody acts very funny, it's not good to me to get upset on somebody. If I get upsets on somebody, without my notice, the energy will hits them. That's terrible bad. Around Shiva Ratri times, when I'm doing very serious process, if you made any upset to the master, if you made any saint anywhere in the universe, just they felt little pain from you, it's enough. It's like a rifle shot. Does it make sense, Philip Lipetz?

Philip: I've experienced it from you.

Swami: From me?

Philip: From you!

Swami: Ahhh! How come?

Philip: Well, I did something wrong.

Swami: Good. (laughter) Hey, I no need to be guilty! That's why when the master is doing very high energetic process, he has to be very careful to be ok. For example, many people, when I'm sitting near fire, since three days around. They're going all the way to the Mandir, then to the rooms, again they comes up, again they go to the rooms, again they comes up, like twenty, thirty times somebody is bringing the water, they're doing this and that, they don't know what to do, they never sit in the Mandir for two, three hours, they go walk, go walk. Is it disturbs, Ramakrishna?

Ramakrishna: Hugely.

Swami: How?

Ramakrishna: It just disturbs you like a shock.

Swami: What is your personal experience? You felt anytime when I'm walking by you? (laughing)

Ramakrishna: I'm meditating and I don't even hear you, all of the sudden I open my eyes. My eyes are looking in your eyes! (laughter) Like a hot poker, owww! It's ok, it's fine but generally it's a little strange. It's been my experience...

Swami: Go ahead, be honest.

Ramakrishna: Well, uhm, I don't think I'm an over angry person but when I meditate it really bothers me when people are walking by, it really bothers me. It takes me like thirty seconds to get back.

Swami: You have to be very...when a person is meditating means for example, I comes intentionally to talks here and I stands just sending

the energy, how the person is reacting. Today to be honest I did on Ramakrishna, he's meditating, just I threw a stroke, small knife, chhht! He's very, I think maybe he attack on me, "Swami, what are doing?" I did with a reason. His lungi, he made all the way up and he's meditating. I told him many times, "Hey!" I'm fair there, I got the reason. (laughter) It is manners, ok, let's do this!

Well, by today onwards, everybody's energies, especially who took the concord, siddhi purusha process, it's very, very useful to them tonight, what I'm going to do, shaktipats. My sincere advice, sincere serious and serious, if you anytime before Guru Purnima, by mistakely more than two, three times, you didn't follow the rules - swaha. It takes to you twenty-one complete months, know what I'm saying? There's again chance, you might take again twenty-one. To the special people, to exactly what they're going now, the same 99.9% very accurate. Just go relaxly, simply concentrating. If you break any rules, I can't help it, no way. I'm sure few people is already feeling uncomfortable, terrible rules and regulations. It is the time in your lives to do really challenging spiritual practice. It's a challenging spiritual practice, either you're winning it or you're losing it. Losing means, you're not losing, you will reach lately, you'll reach lately.

Even though the circumstance, the people, the energy, the vibrations, little wild, smooth, crazy, tender, intense, very uncomfortable whatever is running, it is like a beautiful winds. You should take as a beautiful wind, know what I'm saying? You have to stand, just you have to stand, then it's possible to you to understand. Whatever the wind is running, if you just run through the wind, the wind brings you certain distance, then it will drop you there, then it goes different direction. Your life is done. Almost all you travel lot of time, your span is gone, five years, six years, ten years, two years. Nobody can't help you in your life to pull back in a strong line in spirituality. So it is very important to observe, concentrate on your own personal processes everyday, what exact, what you're doing. Where you are? Is there any chance these circumstances making you to do, breaking the law? Just two, three days you have to think casually. Until to Guru Purnima very important.

On the day Guru Purnima, just few people got receiving amazing things, then few people is not receiving, that's not my mistake. On the day you have no right to blame on me, you know what I'm saying?

Students: Uhm-hmm.

Swami: Does it make sense, Gaya? You look so beautiful.

Gaya: HmMMM.

Swami: You have no right to blame on master. I'm seeing seventy-five is here to win. It's a lot, isn't it?

Students: Uhm-hmm.

Swami: In ancient timings, to having a darshan of Mother Divine, it's not that much easy. To you have it, they spend years and years and years and years and years but the right master got it. They do twelve years years non-stop, same inspiration, same energy hold it. Even though little up and downs, but huge inspiration but we came by like one third the time?

So, utilize this time even though the master is not available to you in your country, even though you call, you fax, no matter whatever you're going through, make sure once, one more time read the rules and regulations. Is anything you feel little uncomfortable certain points, certain corners, you can discussion with friends the rules and regulations. Is there very emergency you have to talk, I'm here. There is a huge chance from March your Swami won't available, he's one hundred percent traveling big temples, and caves in the forest I have my own agenda, program. Again in April traveling to the states for ten, fifteen days. Once the April month is gone, means almost one month is left, one to one and half month to you're jumping to Guru Purnima. It won't that much time, it won't helps. Even though you reach the master, you really broke a lot of laws, rules and regulations. You did crazy mistakes, "Swami I did this and this, please fix it." You know what I'm saying? Is everybody understanding?

Students: Yes.

Swami: Try to your maximum best to be in your control. Number one point what I'm saying, many people with simple silly things, they're feeling little hurt. Day-by-day they become very sensitive. That's not good, guys. You have to be really stubborn, really stubborn - open your heart for forgive everything, ok. Ok, Nancy did

this mistake, it really hurted you, forgiving her. When you notice it hurted you, you have to concentrate ten, fifteen minutes, just chanting your personal mantra to healing yourself, to asking God forgive her. Try to develop that in your hearts. If you can continue that your whole life, that is really great. Try to, I know many people is very exciting to seeing the babies. It's one part is ok, but one part when it is happening I'm doing with few people. On the time, when the Shiva energy is flowing powerfully, you no need to be just to hanging around in the Swami neck. Few guys like a Clint, Jonathan, Ramakrishna, few people, Philip, some people will take care. Remaining people, if everybody want to be hanging in the Swami neck, forget it. Every person, just chanting your personal mantras, charging. On the time, I don't know, maybe again I'm talking tomorrow, just simply doing it. On the time, especially on the time, think your ambition, your desire, just charge your personal mantra, go through, go through, go through. There is a huge one danger here. At the time if anybody heard your personal mantra...is anybody knew your personal mantra, Tobias?

Tobias: No, nobody listens to me.

Swami: I'm so sorry... Monika L. knows it?

Philip: She guessed one.

Swami: See?

Monika L: No, not Tobias. I just had a intuition. I don't know if it's right.

Swami: Can you write it for me guys? See, already some scare. First of all, let the Philip write. Don't underestimate him Monika L. He's a wild forest man! Unfortunately he's having a cloth on his body. (laughter) But sometimes it's no use, he's walking in the ashram.

Philip: Clothes are such a bother.

Swami: Is anybody have any confusion on your personal mantras? Why this having this? (*Swami reading what Philip wrote*) Forget your life. (*to Philip*) (laughter) Come, to look, come!

Philip: Uhm-hmm.

Swami: God bless you, sit down.

Philip: So what should I do? Do everyday one hour massage to her feet! (laughter)

Paul: He does that anyway.

Swami: How you know that? Ok! (laughter) Sorry, well whooo!

Philip: What should I do?

Swami: Is he whispering it?

Monika L: No, no, no, something in his eyes came out. We were saying something and it was just an intuition. He never said it.

Swami: There is thousands I given, she hitted just exact the same word. Cross your heart, tell Monika L.

Monika L: Is that what happened?

Philip: Yeah.

Swami: Hey, maybe when he's sleeping just you're seeing...

Monika L: No, no, I saw it in his eyes as we were talking about...

Swami: He's a top secret person.

Monika L: Swami, if I don't have the intention of using that...

Swami: Doesn't matter. You know it, isn't it?

Monika L: Well, obviously now I do. I wasn't sure, I just had a feeling.

Swami: It's enough sankalpam, that thought, if you touch the fire it will burn, even if you don't touch the fire, it burns. That is the mantra power in the *Vedic*. You know or you don't know. If you do it, it will activate, it will function in the nature. It will function. Well, hmmm. Anybody know guys, please...hello?

Ramakrishna: Are you saying if anybody knows anybody else's?

Swami: Yeah.

Anya: I'm not sure if it's true but the night we were choosing them, I had an intuition on Cindyra's but I'm not sure...

Swami: Haaa!

Anya: I don't know if it's true, it came to me.

Swami: Ok, just write it, show me.

Anya: Ok.

Swami: I know Cyndria's.

Student: You're speaking of the one we choose ourselves, right?

Swami: No, what I give to her. Thanks! She don't know. Yes, Alana?

Alana: I was unsure of a word so I asked Ramakrishna.

Swami: Ramakrishna? (laughter) I'm sure yes, no doubt, ok! Yes, he's making the lungi up and he's walking (laughing). If he's giving any chance again to any person, forget his life in my hands. Ok, anyhow I'll see. The second time fixing. Entire my talks is fifty percent to make you that, your own word, that's really my big...no way. Well, God bless you Philip. I can't pull it back, just you are in the middle of ocean. Even if I pull you back the same distance, even if I made you front same distance, but if I push in the front, it can be danger, I can't disturb, I can't help it.

Philip: What can I do?

Swami: You have to be her slave.

Monika L: He is already.

Swami: Much more! Hey, I'm serious, you have to open your heart. I think she wrote exact word, isn't it? So...

Philip: But...

Swami: Wait! I'm talking. Let me finish. What is your fear? Be honest. You have to express.

Philip: Well, her psychic powers have been going, vroom recently, obviously.

Swami: Obviously means?

Philip: It's clear. My fear is I do a lot of work, then it goes to her.

Swami: Then I will teach you how to get her back. (laughter) But the majority, hey, don't feel upset. It's ok. It's a challenge, fifty/fifty chance. It will be ok. In this circumstance, to be honest I really can't help you, but there's a chance you can get it back, huge chance.

Philip: I've already seen the energy go to her, I have. If I have a great meditation, her powers go up. I've been watching this now for two, three weeks.

Swami: It's ok. It's ok. No problem. Hey, I'm confident, not now, later. You will know how that person will really affect, I can't express now. When you are chanting mostly, the guys who are going to see tomorrow, they will know their own personal mantra ability. When they're chanting, where it's coming, when they're not chanting, where it's going back. What is going front and back, dial and re-dial, cut off and re-dial. Well, it's ok, please keep your mantras alive.

Jonathan: Swami, if we have several personal mantras, if somebody were to know one of them, does that suck the energy from all?

Swami: No. No, if they know exactly that is yours.

Jonathan: Yeah, but if they at least one of them is yours, they don't know the other ones.

Swami: It's fine, still you're protected. Protected one part, but you have to avoid that not to meditate at all, strictly, that one completely you have to avoid it.

Ramakrishna: Should I avoid that mantra?

Swami: No.

Ramakrishna: That's my biggest mantra.

Swami: No, you are in the, "Eleven Group" you are in the team with "Eleven People." Just go your process, don't think anything, keep journey.

Ramakrishna: Well, that's the main one that I...

Swami: It's ok, keep go, keep journey.

France: There's a question from Katarina. When she is in a holy place chanting the mantra, holy people like saddhus can receive these vibrations from her?

Swami: It's ok. No problem, uh uh.

Paul: She has a fear people are reading our minds as we're doing our meditation.

Swami: That doesn't matter. I'm telling a clarification here, if your partner readed that, there's a chance the energy will flow. For example, I read Nancy's personal mantra, just I read it, there is no guarantee with wife and husband, it is like, Monika L. and Philip. She saw that means, she's a part of in his soul. He is a part of in her soul, it means there is a similar combination is there. Just she saw in his eyes, then she felt it. Thousands of words I given, no way just each person can even to imagine. Just I putted each person like a 150-200 letters, words back, front, just huge distance. There's no comparison. For you, if you go through all 600 people, then there is a chance the 600th person having your same mantra. I given that way. (snaps) Impossible, very impossible.

A peacock comes in temple

Swami: It's ok, don't disturb it. It came for a visit.

Philip: You were talking about husband and wife...

Swami: The energy will flow each others, but entire my talks, sorry Monika L. I don't want to hurt, but the woman is always to receiver. From my entire talks from the beginning, so here, just I'm a little concerned, it's ok, there's a lot of ways you can get it.

Philip: I've watched and when I have a great meditation, things happen to her.

Swami: It's ok. You're so lucky one point, very hugely. This came up, you should thanks to...you're lucky.

Philip: What? That you know about it?

Monika L: No, that he stopped it.

Swami: I stopped it. Hey, in your heart, it's ok, I will talk privately. It's not a big deal. Well, ok any questions guys?

Student: Tonight which personal mantra should we be using?

Swami: Tell your personal mantras. (laughter) Go ahead, come on, whatever you feel comfortable, whatever you feel very comfortable, very touched, very pleasant. You can do two or three.

Jonathan: Tomorrow Swami, should we charge the powers?

Swami: Yeah. Actually, new moon also started now, can do tomorrow it's fine.

Myuri: Why is Shiva Ratri on a new moon day this year?

Swami: What a big question. So what?

Myuri: I never heard of that, I'm surprised.

Swami: New millennium enter, everything is little funny, I'm serious. You watch, every year in this planet, always like a tiger noises,

making scared. It's funny, interesting, little thrill, little...it's a kind of everything will go ok, it'll be alright.

Student: (inaudible)

Swami: Hey, just go to them, just check. I thought this is your personal mantra, is it? If they say, "Yes," tell them, don't do that. Contact Swami, ok! (laughter) That's fair to do, isn't it?

Students: Yes!

Swami: But I'm sure each persons' calling here to make me little scared. Don't do that. If you really know, eighty to a hundred percent confident, don't do otherwise...

End of Talk
