Swami: I don't want to create any controversy in the globe but anyhow I'm going to create it. The nectar – we want the nectar. I don't want a person's theory or philosophy. I care about the nature's philosophy. One master takes it and puts it this way and a different master puts it in a different way - it doesn't matter. But what I believe is the nature – the actions and the reactions, and the mechanism of the miracles and mechanism of birth and death. For example, the five elements is a concept to the soul. It is necessary for the five elements energy to be fulfilled in your soul.

According the Saptarishis including Veda Vyasa's theory, there are seven lokas. You know lokas? This is Bhuu Loka – Earth. Like this, there are seven. To every person, every character 99.9999% it's similar. There are six more like you with your same character, same abilities. All the different, funny angles with seven mirrors. In the seven mirrors when you really contact, connect any of your soul mates, then you start to really, will jump in the Asta Siddhis.

Finally, Jesus Christ did all his channelings, but he never introduced this subject. But now I'm telling this. A few times I talked a little bit here and there. But it is hard to believe, "Swami how is it possible there are six more persons like me?" Yes. Maybe they are in the Bhuu Loka, on this earth or they are somewhere else in different lokas. Whatever funny stuff you do, the remaining six characters will also get funny. When you're doing and receiving great sadhana here,

automatically it will go to them too – to those parts of your soul. And your body can separate into seven parts. It means your body can manifest, re-manifest the seven types, seven forms. It seems crazy to you but it is true. Like Ethan, we can make five characters like Ethan. Seriously.

When the Saptarishis wanted to create Mahakali to kill Mahishasura (demon king) the Saptarishis, all the Devatas, all the angels, the Trimurtis–Brahma, Vishnu, Maheshvara, all the goddesses went in one form, into Durga - she turned as Mahakali. How it possible that all souls, all characters, jumped in one soul? Is it possible?

Yes, its possible, so same thing here. You need to find out at least one of your soul mates. But in this earth, Bhuv Loka, everybody talks only spirituality means seeing the light, doing some miracles, this and that. One part that's okay, but another part, you need to connect to every one of the seven lokas. I'm going to explain those lokas too.

Before explaining, first I want to complete the JC Channels then talk about the Jesus Christ life. Whatever I have the authentic proof, I only talk those exact words, then, how to find your soul mate that is the next. And, who is responsible for all your depressions and heartbroken, that is the next major subject. If they are responsible, how to heal that too – the heartbreaks...
