Isis: But we were traveling. We're always traveling. Every time you come we're traveling.

Swami: What about in May?

Isis: In May we'll be there in North Carolina and we have room for all of you to come... Swami's shed... he's thinking about it.

Swami: No, actually last night, at 2 a.m., I went in the meditation, just I woke up at 8:45 at a stretch. I seen tons of missed calls. Just I took shower and come before arathi. You understand what I said?

Isis: No.

Swami: Paul.

Paul: He went to bed, into meditation and he came out of meditation and he had all these calls, then he came here.

Swami: From 2 a.m. from till thirty minutes back.

Isis: Oh I see... you've been awake since thirty minutes ago.

Paul: No, in meditation.

Isis: In a trance for all this time – wow!

Swami: It takes one or two hours for me to really come awake.

Isis: I understand. Did you all understand? Well, we appreciate you coming.

Swami: So Leslie, when we're planning to go to the Egypt? You promised something to me isn't it? What is that?

Leslie: To go to Egypt.

Swami: What do we do in Egypt?

Leslie: Eat dinner on top of the pyramid.

Isis: What did she say? (Repeated) Eat dinner served on top of the pyramids. So be it.

Swami: I completed her process, what she's really searching for years. So... she and three more people, they promised to give that gift. Tell me about something, Egypt, in five minutes.

Isis: He wants me to tell him something about Egypt in five minutes. It's very, very powerful, very beautiful very spiritual. The temples are situated along the Nile, the Nile representing the backbone or the chakra system. So the Nile is, if you will, a metaphor for the spinal column. And the temples are built, are built along the chakra points along the Nile. Ok? And each one responds to a zodiacal sign, so each one responds to the seven zodiacal signs of evolution, or from Leo to Aquarius. And as I said, we travel there for the solstices and equinoxes. So for every solstice and Equinox we're there and we use to, up until a few years ago, spend the night in the great pyramid, all night. And then recently, in the last few years the government has decided we can only stay there a few hours in the afternoon. So now we do our work in the great pyramid in the afternoon. But for many years we would work all night in the great pyramid. So we're waiting for, and they're expecting to let us continue our work there, but for right now there was too much terroristic threats, if you will, so because of the terrorism we had to stop using the pyramid at night. But eventually, probably when you come, we will continue with our work there.

Swami: How many pyramids is there?

Isis: Well, you have what you call God built pyramids and Man built pyramids. So for the God built pyramids there are five and for the man built, there are many bricks stacked in many shapes, but God built pyramids.... and it's incredible. It's something that everybody who's doing the work that we're all doing, should do at least once. And we're just very blessed for that to be our job. That is our assignment. We're blessed and extremely grateful for that.

I'm going to tell you a small story. About twenty years ago now, twenty years ago next August, we went... does everybody remember the Harmonic Convergence? Everybody remember the Harmonic Convergence? That was in August 1987. We were called to go to Egypt at that time. And we did. We went for a 6 o'clock meditation in the morning and we stayed until noon. And we were the only ones there. And I was quite surprised we were the only ones there because the Harmonic Convergence was so internationally publicized. But there were twenty-three of us and we were the only ones there. And the next day, I saw my very first *US Today* newspaper, and the front page of that newspaper showed picture and the headline was, "Thousands jammed the great pyramid," but there was no one else there but us. So I saw the picture with all these people in the newspaper the next day, the whole time we were there, there was nobody else there. Nice story? So, do you ever think about me?

Swami: Paul?

Isis: Does he ever think about me? He's very busy to think about me.

Paul: Yes, he's very busy Isis, but I'm sure he sends....

Swami: Whenever I walk in the garden, whenever I look at the building, I see all the pyramids, thinking on you, "Where are you? God bless you."

Isis: So probably every time that's where I am at the pyramid. Well we all, I have to say to some of you, we do have a center and we have, as I've said, "the Swami Shed," and we also have a very lovely picture of Swami, and on my chair a very beautiful green scarf that never leaves my chair. And nobody's suppose to touch it but I know they sneak and touch it.

Swami: Sure they does. Such a lovely guys... they're really blooming. She's a big gift to the globe. One time I met her in Las Vegas. I went. Generally I'm not that big traveler, she said, "Swami, let's come to the center," her house. Once I landed in airport I started to feeling the vibrations of Las Vegas. I can't say it's positive; I can't say it's negative - very interesting vibrations. And she's playing, "Shiva Om Namashivaya," that cassette all the time.

Isis: And I cannot in all these years to sell that house. I've tried and I cannot. I cannot even give that house away... because... Swami slept there.

Swami: What a comment.

Isis: It's a compliment because if I would have sold it... I want you to know the house has tripled in value and if I had sold it I would have been out quite a bit of money. But because of that energy I had to keep it and I'm very grateful.

Swami: That house is very beautiful.

Isis: Thank you. I don't get to see it much. We have an annual conference... oh Swami we have to see the video DVD. How can we do it Paul?

Paul: Well, whatever time you want me to set it up.

Isis: You have to; Swami has to see the video. I was going to say we have an annual Light Conference every June in Las Vegas, and that's the only time I get to go for the past, how many years?

Isis's Students: Four.

Isis: This will be the fifth year this year.

Swami: I'll see it sometime.

Isis: Because you know you're in it right? He's in the video. You've got to see the video. You know, I even feel a little strange, to take so much time to impose. You know we come here and I know how busy you are healing the planet, saving the world and yet you know if I don't sit with you for a few minutes every other year, I won't be able to do what I do. So you'll indulge us will you?

Swami: Indulge means?

Isis: Allow us to be with you.

Swami: You're always in my heart. You're always in my heart.

Isis: So you'll let us know Paul?

Swami: If we have time we'll go upstairs and see the DVD.

Isis: We have time?

Swami: Yea.

Isis: Right now?

Swami: You don't have time?

Isis: Yea!
