Guru Purnima Program 2009

Pre-Program Instructions

Talk is in the Baba Temple

July 2, 2009

Swami: Welcome my Dear Divine Souls to 2009 Guru Purnima Festival. Sai Sad Guru he invited you to Shiva Sai Mandir. He wants to see you. He wants to? See you. And I want to talk to you. Still couple days time is left before the Program is going to start. Before that, just I want to give small some introduction, what you need to be prepared, who is already here and who is coming tomorrow and the next day. To you, be alert for the next upcoming whatever is coming in fClintt of you.

I hope many people know me since long ten, to twelve to fifteen years. To carry a friendship with me is not a joke - it's not a? Joke. But ten years if you really did it, yes you made a victory. At least three years continuously if you made it, you're eligible for spirituality. Put it that way.

Yes, the Guru Parampara is, he's your father, he's your mother, he's your friend, he's your knowledge. He's everything in your life. Point one, you came with a lot of expectations. You keep coming with expectations. I'm happy to fulfill your expectations but you have to really know what is your expectation.

Point two, if you really got it, what you want it, can you really digest that or not?

Point three, can you really can implement what you received it forever and ever?

Point four, are you really, really, focused what your target?

Point five, every Divine Soul been through amazing up and down illusions in the planet so far. You mentally need to... are you really

prepared for everything you really can sacrifice your life to the Divine and to the universe to create this mission, peace, and wisdom, and pure love in the planet? Are you really mentally prepared or not? You have to decide that too.

This Guru Purnima... then next Guru Purnima is somewhere in Europe, then third Guru Purnima we're in the North India Himalayas - done. You don't need to come for sadhana any more to Shiva Sai Mandir. You can come for relaxation and some transmissions. I'm very serious.

Many senior students, they know how much the illusions are even playing on me. It doesn't matter how much you really learned with me - it matters what you received with me. It doesn't matter how many years you're with me - it matters the golden moments you are with me. Ten years your Kalachakra you're with me, and ten seconds your Kalachakra is with me, is equal. The golden moments, ten seconds, a clap, one slap, a camera click. I keep painting your picture ten years, and I took the camera just I took it, instant I give the picture to you.

But the knowledge is the vast what your Swami is carrying - huge. Senior students, of course every person has to know, learn, amazing information is there - help the planet.

To be physically with a sadhguru, to be with a guru, it's an honor and it's a gift. You have no idea how much thrill it will be. To be with your master, doesn't matter he's driving you crazy, he's confusing you, he's torturing you, he's making your life as an ash. It's true. Many students they've been through like that.

In my personal life, I really want spend some time with Baba physically face to face. No chance. I can pull him, make somebody have experience, done, over, gone. To be in track with the master, to be in the presence with the master, to do Guru Seva... it doesn't matter which Seva you're doing it. For example, in the hut Dasu, he cooks the food. He's doing a seva. A Nepali, with his Gurka, he's watchman, he's doing a seva. A priest he's all the time with Baba, he's doing his seva. I am doing my seva. He decided each character which part of the seva need to receive from you. But I can't be jealous on Subramanyam or whoever is the priest, he's all the time with Baba and near his statue in his presence. I can't be jealous.

You can't be jealous on Cyndria or Terry, whoever it is or Monika T or Clint, these guys they're all the time talking with Swami and they're being with Swami. You know what I'm saying? How much my thoughts, how many seconds of my thoughts I'm thinking on them, that's important. It doesn't matter you're hanging around me for years, but how much I'm really thinking about you that moment, that's important.

Having the final point, today's golden statement: having the attention from the master on you is important. Whenever you're in the tension I create the more tension in you. Whenever you're tension, bumpy, sadness, la la la, gosh. I worked since years – years. Why you need to cry? What is the purpose to cry? If you cry, is it really going to help? Is your problem going to solve? No. You came here. You have to lead the life until you reach your destiny, either you're broke, you're healthy, or you're wealthy, you're name and fame, you're heartbroken, you're in the depression, you're anger, you're left out, you're unworthiness, all your blocks. You have to...

He knows what you need it but you have to know what you want to do too. What you want it. You have to know what you want it. Whenever you know exactly you want it, you'll create the victory. You will? Create the victory. If you keep getting failure means, you don't know what you want it. Standard statement. Keep the time cycling is dragging... You got failure, again you got failure, you lost this thing. You lost that. You don't have the clarity. You don't know what you want it.

When I started with my hut, I know what I wanted. From now I know until ten thousand years what I want it. Several thousands of year's back I know what I want it. I came to this place. This is not my birth place - this is not my birth place. Then I know what I want it.

Some energy brought you here. There's a reason. You didn't come yourself. Excuse me, hun-un. Many people they tried, they don't want to go; many people they want not to go. No, the decision maker is Boss. I look at their pictures who is coming in the file. Just looking at each person's picture, "He's really coming?" I make a mark like this (shows making an 'x' mark), "I don't think so you're coming."

So from tomorrow morning onwards, try to chant the:

1. Shakti Gayatri — 10 malas
2. Your Personal Mantra — 10 malas
3. Sky Mantra minimum two hours. *Swami chants the mantra: Om lingastakam nidam puunyam, yaha patay Shiva sMonika Tidhau, Shiva loka mavapnoti, Shivayna saha mogatay.*

That prayer, even you're doing seva, keep chanting it. You're working with some, you're cleaning the floor, keep chanting it. Rise up the vibrations.

And I saw today the kind of like a fish market in the Southwest Building outside. It's a fish market. I really thought, "Is it really an ashram?" It's not an ashram. It's completely like a laughing. I'm happy for you but no, you're not in your western countries; you're in my custody. You're in my custody. Forget your country and your atmosphere, your bar and your restaurants - no. This is purely Spiritual Center. You have to get the vibrations as much as you can to push it.

So far, whoever had the really strong determined faith and determined following my path, they got success. Hundreds of people they really got it. They got it. I didn't release them yet. I didn't release them yet. Very soon I'm going to release it. Certain levels, yes they're capable. Some more levels, until some of the precious book is coming out, wait and see the surprise.

I don't trust the nature and illusions. I never, ever trust the nature and illusions. If I say I'm going to give you this thing, for sure the nature is going to destroy it. It's the nature's nature. It's the character of the nature. You're going to receive something, if you're really confident, some negative forces wants to stop that. It doesn't matter you're a strong energy person. Even you're a Baba, you're a Jesus Christ, you're a Buddha, you're a Allah, you're Pravat, whoever you are the nature is the first priority. The Mother is the most powerful. That's why I keep putting you to burn the Womb Chakras in the fire. I taught you the Womb Chakra very strongly.

Whatever I talked, whatever, my actions will be different don't misunderstand. It's a golden statement from now until to 2011. Let me play in a beautiful way to your victory. I don't have any personal grudge, or personal friction with you. Of course I love

you, every soul. Of course I like your success. Of course I want to see you the most extraordinary powerful healer and miraculous person in the planet. I will prove it. I am going to do it by grace of Mother. Some people, some groups they made it. For example, Constanze group. Are you happy Constanze?

Constanze: Yes very happy.

Swami: How many people?

Constanze: Thirty-three.

Swami: All thirty-three reached one level?

Constanze: Yes.

Swami: How many years it took to you I put you under patience?

Constanze: Two years.

Swami: Three years?

Constanze: Two years.

Swami: Two years, she made it. She had the beautiful hairstyle before, just I made a joke, she shaved it. She had with very clipping... when she's walking her hair is little like a Michael Jackson hairstyle. No, it's very interesting and I'm looking at her hair, "Okay." Lost. Now you look good. Don't do that - keep your hairs.

So please maintain the silence, and I personally recommend some doctors who are here to take care of who is easily getting sick with jetlag all the stuff. Take care of them. And cooperate as a beautiful

family. You're a family. You have a good friendship family. This type of family is highly impossible you can get in your life. It's very unusual to have a family. It's really possible to you Gustav to forget me in your life, even you fought with me, you don't want to see me, you can forget me?

Gustav: No way.

Swami: Why is that?

Gustav: You are the center of my life.

Swami: What about you Clint?

Clint: Yes, I agree. There's no forgetting you Swami.

Swami: You met many friends in your life isn't it?

Clint: Yes.

Swami: You studied with a lot of your colleagues in your college days, and few girlfriends, whatever it is la la la...

Clint: Yes.

Swami: What is the difference between to them and to me?

Clint: Well, you're more real. There's a greater reality there. If I look at my life before I met you until to now, almost everything significant about it is different. I still have the knowledge what I had then, but it pales in comparison to what I know now. The things that I believe are most true, have been taught to me by you.

Swami: Even if I hurted you, if I sended you, you'll be same feeling as this?

Clint: Yes.

Swami: Positive?

Clint: Yes, I've had that experience already.

Swami: What about you Tatyana?

Tatyana: No way to forget you. It is, yeh, you're really something so special and the only person who really totally won my heart.

Swami: Careful, your husband is here and I'm also married, careful.

Tatyana: I've never experienced that purity of pure selfless love in my life and that deepest caring about every aspect of me.

Swami: Am I given you the hard time or you given the hard time to me? Be honest.

Tatyana: I think many times I gave you a hard time.

Swami: It's true, but also I've given hard time to her too. Like in the Charter flight from London to Germany, we have to take off. From London, one day evening at four o'clock we reached small airport. My pilot is a short man, like Brett. Abala his name is. He's a very short man. When I looked at him, "He's really my pilot? He really can drive it? Oh my God. Or really he's going to kill it." And then he's waiting in the airport and he's screaming on the British because of they didn't fulfill the gas to his flight, to his plane. We waited almost five hours. They received his money. He

wants to make me happy. He already flew several times with me. Of course then we took off. It's a beautiful moon-light, and I'm enjoying and I'm very exhausted and tired. I'm chanting my personal mantra and certain things. Then I look at Tatyana. Then she keeps crying and crying. "Why you're crying?" What's the problem? She doesn't know. It's a kind of, like somebody is sitting with you in the beautiful clouds, you should really enjoy it. You should really enjoy it. Its' like a tons of times... Of course same time she takes care of me.

Once if you care you have to share. Once if you care? You have to share. That's your job. It doesn't matter they're doing small mistake or big mistake or huge mistake, they're loving or unloving, cruel, whatever it is. You have to care. Then only you'll create the victory. "Because of, you did this mistake, you hurted me, you tortured me, you did this, this, this, you lied to me," this is all stuff nonsense.

Love is immortal. Once you loved it, it's a stamp - that's it. Not another stamp again. Love is nothing but a bond. It's a bond. Once if you have that commitment bond, you will have the victory. Have a bond with Guru Parampara. Have a bond with yourself, your dedication. How dare the negative illusions can disturb your life? No way. Your determination will bring you the success. It doesn't matter you're giving hard time to me or I'm giving hard time to you, it's equal law. You'll win it. You will? Win it.

And try to be prepared for Guru Purnima. And try to being good some seva, and trying taking care of expecting beautiful rains. And couple more hundreds of people are coming. There's no space and we're all standing with umbrellas, and I'm also sitting with my umbrella giving a talk in the garden. And I don't want to explain what I'm going to give it the upcoming days. We'll see what he's going to talk through me.

Next, more songs... Have a nice time. See you later. Thank you.
